

## 2020 Summary of Fees

All Health Training provide all students with an individual Statement of Fees at application. The Statement of Fees includes the following information for students to review prior to confirming their enrolment:

- Fees for the proposed course of study including tuition, resources and/or placement fee (if applicable)
- estimated duration, location and mode of training and assessment
- any practical placement arrangements (if applicable)
- the hourly tuition fees relevant to the student
- the approximate value of the government contribution

The student tuition fees are subject to change once we have confirmed individual circumstances at enrolment and reviewed documentation which may include Credit Transfer/RPL application, ability to provide a copy of HCC/PCC or proof of Skills First Program eligibility requirements.
